

Hello Kentucky Residential Code User:

The Code Administrators Association of Kentucky, Department of Housing, Buildings and Construction and Home Builders Association of Kentucky are again working together to provide you with the opportunity to better understand the use and application of the residential code. Ten one-day training classes are once again being offered across Kentucky.

Nine of these intensive one-day classes will focus on the application of our 2007 Kentucky Residential Code (KRC). The day will begin with Greg Karow speaking on the code requirements for the installation of exterior finishes/veneers and roof coverings followed by townhouse code requirements and finishing the day addressing fire separation distance of buildings to lot lines including projections and overhangs.

The class scheduled for Paducah will discuss seismic design and construction. Mr. Bob Schutz, professional engineer, will speak to the code requirements for our area of the Commonwealth located in seismic design category D<sub>1</sub> and D<sub>2</sub>.

It is our goal to provide you, the inspector, contractor, developer and any other construction professional involved in residential construction with the highest quality instruction possible and the opportunity to better your understanding of the application of our residential code.

Accompanying this letter is your registration form. Please complete all applicable line items on the registration form, select the date and location most convenient to you and return your registration form to the address identified on the form. In making your site selection, we ask that you identify an alternate site (if desired), should the site identified as your first choice be filled. Class size is limited. **Most** classes will seat 65 people; therefore, it is important to get your form in promptly. **A confirmation letter, identifying the actual location and start time of the class for the site you selected, will be sent to you by email or at the mailing address you provide on the registration form if you do not have email.**

This invitation is extended to any party interested in the application of the KRC, builder, developer and code enforcer. We will come to one understanding through joint training and open floor discussion and dialogue. We look forward to seeing you at one of these classes. Should you have any questions, please contact George Mann at 502-573-0373.

If you pre-register and later discover you cannot attend this seminar, please notify George Mann at 502-573-0373 10 business days prior to the seminar date and we will refund your registration fee. In fairness to all attendees, participants who do not attend are liable for the entire fee unless we are notified 10 business days in advance of the seminar date that you cannot attend.

Thank you,

Alex (Cash) Olszowy,  
President  
Code Administrators Assoc. of KY

Richard Moloney  
Commissioner  
Dept. of Housing, Bldg & Const

Bob Weiss  
Executive Vice-President  
Home Builders Assoc of Kentucky.
